

Access Kyoto is Vaughan Public Libraries' environmental studies collection and is comprised of print and electronic resources. Materials from the Access Kyoto collection may be found at Pierre Berton Resource Library. General environmental studies materials can be accessed at any VPL location.

The Access Kyoto resources at VPL will help researchers access information on topics such as air pollution, climate change, environmental policy, and sustainable development.

Any inquiries regarding the collection can be made to:

Air Pollution

The following titles examine issues like air quality and air pollutants.

Indoor air quality: sampling methodologies

Access Kyoto 628.53 Hes

Air pollution control technology handbook

Access Kyoto REF 628.53 Sch

Air quality

Access Kyoto 363.7392 God 2004

Air quality assessment and management: a practical guide

Access Kyoto 628.53 Har

Earth under siege: from air pollution to global change

Access Kyoto 363.7392 Tur 2002

Hazardous air pollutant handbook: measurements, properties, and fate in ambient air

Access Kyoto REF 628.53 Haz

Indoor environmental quality

Access Kyoto 658.53 God

Producing cleaner air to Canadians

Access Kyoto 363.73920971 Pro

Climate Change

The following texts address issues like global warming, greenhouse gases, and ozone depletion.

Climate change: causes, effects, and solutions

Access Kyoto 551.6 Har

The coming storm: the true causes of freak weather -- and why it's going to get worse

Access Kyoto 551.55 Mas

Dead heat: global justice and global warming

Access Kyoto 363.73874 Ath

Ozone and climate change: a beginner's guide

Access Kyoto 551.6 Rei

Protecting the ozone layer: science and strategy

Access Kyoto 363.738757 Par

Stormy weather: 101 solutions to global climate change

Access Kyoto 363.738747 Dau

Environmental Policy

The following texts explore Canadian and International policies for pollution, environmental protection, and climate change.

Beyond Kyoto: energy dynamics and climate stabilization

Access Kyoto 363.73874 Phi

Climate change policy after Kyoto

Access Kyoto 363.738746 McKi

Cost of climate change policy

Access Kyoto 363.738746 Jac

The costs of environmental protection: a guide for the perplexed

Access Kyoto 333.72 Rep

Crowded greenhouse: population, climate change, and creating a sustainable world

Access Kyoto 363.738745 Fir

Dead heat: global justice and global warming

Access Kyoto 363.73874 Ath

Environmental law in a social context

Access Kyoto 333.70971 Env

Firms, governments, and climate policy: incentive-based policies for long-term climate change

Access Kyoto 363.7387405610973 Fir

The integrity gap: Canada's environmental policy and institutions

Access Kyoto 333.720971 Int

International encyclopedia of environmental politics

Access Kyoto REF 363.7056 Int

International environmental policy: interests and the failure of the Kyoto process

Access Kyoto 363.70526 Boe

International frameworks and technological strategies to prevent climate change

Access Kyoto 363.73874526 Int

Sustainable Development

Sustainable development refers to meeting the needs of the present without compromising the needs of the future. The following texts examine sustainable development issues in terms of energy, economics, and infrastructure.

Designing the green economy: the post-industrial alternative to corporate globalization

Access Kyoto 338.9 Mil

Energy and sustainable development: case studies

Access Kyoto 333.79 Ene

Energy revolution: policies for a sustainable future

Access Kyoto 333.79 Gel

Energy systems and sustainability

Access Kyoto 333.79 Ene

Institutions, ecosystems, and sustainable development

Access Kyoto 333.7011 Ins

The key to sustainable cities: meeting human needs, transforming community systems

Access Kyoto 307.1216 Hal

Natural capital and human economic survival

Access Kyoto 333.7 Pru

Sustainability at the cutting edge: emerging technologies for low energy buildings

Access Kyoto 333.794 Smi

Sustainable development: understanding the green debates

Access Kyoto 333.71 Maw

Sustainable planet: solutions for the twenty-first century

Access Kyoto 306 Sus

Sustainable urban design: an environmental approach

Access Kyoto 307.76 Sus

Toward sustainable development: an ecological economics approach

Access Kyoto 338.927 Law

Databases

VPL subscribes to a number of high-quality databases providing information on air pollution, climate change, environmental policy, and sustainable development.

AccessScience

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

AccessScience, the online version of McGraw-Hill's Encyclopedia of Science & Technology, includes over 7,100 articles, 115,000 dictionary terms, biographies of over 2,000 leading scientists through history and news updates in the areas of science and technology.

Canadian Business & Current Affairs (CBCA)

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

CBCA provides access to a broad range of full text Canadian periodicals from 1993 to present. Coverage includes: current events magazines (e.g., Maclean's, Report News); national daily information sources (e.g., The Globe & Mail, Financial Post, Canadian Press Newswire); business journals (e.g., Canadian Business); science journals (e.g., National Research Council journals); arts journals (including over 40 periodicals covering

the visual and performing arts, film, and literature); and academic journals (including approximately 150 journals from all disciplines).

Canadian Reference Centre

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

A general information database containing full text articles from over 190 popular Canadian magazines, and 97 newspapers including the National Post, Toronto Star, and Ottawa Citizen.

CHEMpendium

Available In-Library ONLY at BCRL - e-product station #1.

Access chemical hazard information for the workplace and environment. CHEMpendium covers: transport of hazardous materials; chemical toxicity; industrial chemicals and environmental contaminants; workplace safety; regulatory compliance; and Canada's Domestic and Non-Domestic Substance Lists (DSL/NDL).

CPI.Q (Canadian Periodicals)

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

Provides access to a comprehensive list of Canadian and international journals and magazines, including selected sections from The Globe & Mail. Includes full-text access to 147 titles, and indexing for an additional 412 titles.

Expanded Academic ASAP

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

Expanded Academic ASAP is comprised of more than 3,200 indexed and full-text titles - of which 2,100 are peer-reviewed - in all disciplines with more than 20 years of backfile coverage. Expanded Academic ASAP offers balanced coverage through a wide-range of topics including: social sciences, humanities, education, science and technology.

Sources include: social science journals, humanities journals, science and technology journals, national news periodicals and general interest magazines.

Index to Federal & Ontario Statutes

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

Provides access to federal and Ontario statute indexes. Searchable by statute name, subject or year passed. Also provides links to other sites pertaining to the Canadian legal system.

MasterFILE Premier (EBSCOhost Web)

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

Provides full text articles for more than 1,900 general reference, business, consumer health, general science, and multicultural periodicals. Also offers indexing and abstracts to over 2,510 periodicals. For some titles, full text archives are available back to 1975.

Also contains full text for nearly 200 reference and travel books, 88,000 biographies, 60,000 primary source documents, and 91,000 photos, maps, and flags. Updated daily.

SIRS Researcher

Available at www.vaughanpl.info/accesskyoto/accesskyotodatabases.php.

A general reference database that contains thousands of full-text articles exploring social, scientific, health, historic, economic, business, political and global issues. Articles are selected from more than 1,500 domestic and international newspapers, magazines, journals and U.S. Government publications, and are archived from 1989 to the present.

Access Kyoto Links

VPL maintains a vast and comprehensive collection of web links pertaining to environmental studies, including topics like environmental engineering, environmental law, environmental management, and urban ecology. These links can be searched by subject or keyword at www.vaughanpl.info/accesskyoto/accesskyotolinks.php.
