Some of VPL’s programs require registration, which is done using Eventbrite. If you do not have an Eventbrite account, you can create one using your email or by connecting through your Facebook account.

How to Browse VPL’s Eventbrite Page and Create an Account:

1. Go to VPL’s homepage: [https://www.vaughanpl.info/](https://www.vaughanpl.info/). On the right-hand side, you will see some quick links to our social media channels and our Eventbrite page. Click on the Eventbrite Logo, “e”. You can also follow this link to go directly to our Eventbrite page: [https://www.eventbrite.ca/o/vaughan-public-libraries-13595422412](https://www.eventbrite.ca/o/vaughan-public-libraries-13595422412).

2. You can also browse VPL’s online program calendar on the VPL website ([https://www.vaughanpl.info/programs](https://www.vaughanpl.info/programs)) and click on the Register button for listings that require Eventbrite registration. This will take you directly to the program registration/description page.
3. To register for online programs on Eventbrite, you will need to create an account. Click on *Sign In* in the top right-hand corner of any Eventbrite page.

4. You can register using your email address or connect using your Facebook account. After entering your email address, click *Get Started*. If connecting with your Facebook account, click on *Continue as (your name)*. On the next page, fill out your information as requested (type in your email address again, your first and last name, and the password you would like to set for your Eventbrite account). Click on *Sign Up*.

5. Check your email for a confirmation from Eventbrite and follow the instructions in the email to confirm the creation of your account.

6. The Eventbrite page lists current and past events. To browse current events, click *Live Events* and scroll down. Click on the program you are interested in to find out more about the program and to register. Each listing notes whether the program is free or requires payment (Eventbrite accepts debit and credit cards, and Paypal.)
