

## Canadian Provinces and Cities

This Library Subject Guide is for students studying Canadian Provinces & Cities. It will help you find books, recommended Internet links, DVDs and other resources for your assignment. You may still need help from the staff at the Information Desk to get the best results from your search. Librarians are available to help you find useful resources in the library and answer your questions.

### Finding Items on the Shelves

This subject heading list tells you where books and other materials on Canadian Provinces and Cities are kept in the library. You can use these call numbers as a guideline to browse for books. A librarian can explain how to use this list.

CANADIAN PROVINCES	J 971.003
<i>For books about individual provinces, search using the province name:</i>	
e.g. ALBERTA - HISTORY	J 971.23
<i>For books about individual cities, search using the city name:</i>	
e.g., VICTORIA, B.C.	J 971.128

### Finding Items in the Catalogue

This Guide shows you how to use the “Browse Search” function on the library catalogue. If you get stuck, ask a librarian for help. Make sure you are on the “Browse Search” menu. If you aren’t sure, go to the top of the screen and click on “Browse Search”.

- Go to the left-hand drop-down menu and select “Subject”.
- Then go to the right-hand entry field and type in one of the subject headings listed above.
- Click on “Search”.
- A list of subject headings will be displayed. Click on an appropriate subject heading to view resources related to that topic.
- A list of titles will be displayed. To view further information about a title, click on the title. Details about the item will be displayed. Click on “View Copies” to find out which library has the book and if the book is available today.
