

# Design a Supernatural Creature

A supernatural creature can be anything that you can think up. Your imagination is the limit!

To design your very own supernatural creature, consider the following:

- Size
- Colour
- Look-alike: is it more human or more animal?
- Special powers
- Number of limbs
- Number of heads

Now, grab your pencil and get sketching! Don't forget to draw as many details as possible and draw your supernatural creature in action, using its special powers!
