

Salt Crystal Ghosts

Learn about evaporation in this ghostly activity.

Supplies Needed:

- White paper
- Scissors
- Black permanent marker
- 1/8 cup salt
- 1/2 cup hot water
- Plate
- Spoon

Directions:

1. Draw a ghost shape with eyes and a mouth and then cut it out.
2. Boil some water and then pour into a cup.
3. Add salt and mix until it is dissolved.
4. Put each ghost onto a plate and then pour the salty water over the ghost (just enough to cover it).
5. Set the plates aside where they won't be disturbed.
6. Wait a few days until the water dissolves and the ghost is no longer wet.
7. Enjoy!
