

Nature Exploration for Kids

Nature Scavenger Hunt

A scavenger hunt is a great way to get some hands-on learning, be active, and have some fun!

Go outside, maybe take a walk and see what you can find! Gather and save all the items you can find before April 14. Select points will be awarded for each item you find (and maybe use them to create something.)

Gather:

1. Maple Leaf (1 point)
2. Brown leaf (1 point)
3. Flower (2 points)
4. Colourful rock (1 point)
5. Pine needles (1 point)
6. Rough stick (1 point)
7. Funny stick (1 point)
8. Round rock (1 point)
9. Open pinecone (1 point)
10. Closed pinecone (1 point)

Bonus: a Library book – 5 points!

Once you have gathered all the items listed, please store the nature items in a plastic bag. You will be asked to present the items during the Zoom session. ***Make sure that your items are clean and dry for when you store them while waiting for the activity day.*
